New Play Area Site Approved At Five Points

City Council Handles Many Items; Water Rate Study Set

Scheduled to be a "routine session," Monday's meeting of the Redwood City City Council proved to be packed with business as item after item was handled in the presence, for a time at least, of some 70 persons who crowded Department 2 of the superior court in the courthouse, where meetings are held pending completion of the city hall annex.

Among the more important actions:

1. Voted to purchase site at dead end of Locust St. near Washington School to provide a playground and recreation area for the Five Points district.

2. Authorized appointment of a council committee to meet with directors of the Highland District Improvement Club to consider reduction of water rates in the Emerald Lake district.

3. Learned that, despite more than two years of agitation to get the governor of California to deed to Redwood City the old Union Cemetery on Woodside Rd. so that it could be improved with city funds, the burial grounds all this time had been technically in possession of the City of Redwood City, in the opinion of Atty. Gen. Earl Warren's office. (For details, see page 3).

4. Adopted the real estate sign ordinance which had been hanging fire for two months.

5. Adopted a uniform building code similar to that passed by other cities.

6. Discussed at length the traffic law enforcement situation, agreeing informally that a more stringent enforcement should be effected.

7. Adjourned till next Tuesday to consider bids which might be received that morning (Feb. 14) at 10 a.m. on building lots repossessed by the city.

NORTHERN CALIFORNIA THEATERS COLLECT $30,000 IN FUND DRIVE

A total of $30,000 was collected by Fox West Coast and independent theaters of Northern California for the March of Dimes Drive for the Infantile Paralysis Fund, an audit showed yesterday.

The figure marks the largest contribution made by any group in Northern California in the annual campaign against the "maiming death," according to Joseph M. Schenck, national vice-chairman and California state chairman of the foundation.

This year's theater campaign was organized under the national leadership of Spyros and Charles Skouras, operating heads of Fox West Coast Theaters, and A. M. Bowles, general manager for the Northern California circuit, and chairman for this district.

When Bowles presented the $30,000 check to Schenck, he pointed out that this amount, combined with the contributions from Southern California theaters, which amounted to $45,000, will aggregate more than one-third of the total 1939 theater collections for the entire nation, and represents two-thirds of the entire collection from all sources in California.

"We are proud of the record set by the theaters in Northern California, as well as in the south," Schenck said. "Spyros and Charles Skouras have always been at the front in every worthy cause, and Arch Bowles has always been a leader in this respect. In the fight against infantile paralysis, they have once more demonstrated a splendid humanitarianism, lending themselves and their organizations unstintedly to the purpose of collecting a much needed fund from patrons eager to give freely once the message was properly presented."

Father of Six, Once Navy Aide, Sent to Prison

Karl Mayo Keller, who once wore the proud uniform of a lieutenant in the U. S. Navy, stood back of a barred jail window Monday to bid tearful farewell to his wife, mother-in-law, and to his six children, including an 18-month-old baby.

Keller's plea for probation was denied Monday by Judge Maxwell McNutt, who sentenced him to 1 to 14 years in San Quentin prison for passing a $75 fictitious check on a San Mateo grocer. Probation Officer Francis Robinson recommended against probation, he said, because of the prior arrests and holds against the defendant.

He pointed out Keller was wanted in San Francisco and Arcardia on check charges, by federal authorities for impersonating a federal officer, and by Los Angeles authorities on an unnamed charge. He had also passed bad checks in Dallas, Tex., according to Robinson.

Mitchell Boyd, Keller's attorney, pleaded for leniency because of the small amount of money involved and Keller's large family.

The entire family was in court to hear sentence pronounced, but made no demonstration. Mrs. Keller and her mother, Mrs. Martha D. Brewster, took the children to the county jail to say goodbye to Keller, and there the mother sobbed violently.

After they had left in the once-proud automobile of ancient vintage still owned by the family, newsmen questioned Keller.

"What's going to happen to the family?" he was asked.

"I don't know," he answered, "but you newspapermen are to blame for the fix I'm in. I only wish I were on the other side of the bars."

Social Service Supt. Adrian Ward said the Keller family would be supported by the county until some other agency assumed the burden.

'THERE'S THAT WOMAN AGAIN'

They're on the loose again, that inimitable team of Virginia Bruce and Melvyn Douglas, who surprisingly enough outdid "The Thin Man" as amateur sleuths in "There's Always a Woman." This time, Melvyn tries to outsleuth his missus, but invariably, as he unlocks the door wtih a hairpin he has to exclaim, "There's That Woman Again." "Off the Record," with Pat O'Brien and Joan Blondell, will share honors on this program, which plays at the Fox Sequoia Theater this Sunday, Monday and Tuesday.

REAFFIRM STAND ON BUTANO

San Mateo County Federation of Woman's Clubs has advised the board of supervisors that it had reaffirmed its stand favoring purchase of the Butano forest. The letter, received today, said a resolution was passed unanimously by the federation at South San Francisco, Jan. 11.

NEW INSPECTOR ON JOB

Charles Merkel of San Mateo, newly appointed deputy county building inspector under William Watson Jr. took office Monday. Merkel is in charge of inspection of plumbing.

Mrs. Tiapon Named Beichert Administrator

Richard Beichert, 19-year-old adopted son of Richard J. and Ada M. Beichert, victims of North Fair Oaks sanguinary double killing early in December, has appointed Mrs. Margaret Tiapon of Palo Alto as administrator in the estates of his foster mother and father.

Atty. Edmund Scott said the Beicherts left a small estate of personal effects and several small insurance policies.

The attorney said the youth is seeking employment, having abandoned plans to return to school.

DEPUTY COUNTY CLERK'S BROTHER DIES IN MISHAP

William J. Paganini, 23, Drives Machine Into Rear of Pipe Truck

William J. Paganini, 23-year-old brother of Deputy County Clerk Alma Paganini, was killed instantly at 1:05 a. m. Tuesday when his automobile crashed into the rear of a dump truck carrying a mixed load of pipe and lumber. The young man's body was impaled on the pipe, according to officers.

Driver of the truck, Don Carlos Harnish of San Rafael, was questioned by Dep. Dist. Atty. Louis B. Dematteis this morning, but was not held.

According to State Highway Patrolman William Francis, investigating officers reported the lights on the truck were on at the time of the accident. They said Paganini's car struck the left side of the truck as though he were trying to pass it.

The accident occurred between the entrance to Bay Meadows Race Track and 19th Ave., San Mateo, on Bayshore Hwy. Paganini, it was learned, was returning from a meeting of the butchers and tanners' union at Odd Fellows Hall, Redwood City. He lived at 11 South Grant St., San Mateo.

Paganini was the eighth traffic victim of the year.

Paganini leaves his parents, Mr. and Mrs. D. Paganini; three other sisters, Mrs. Catherine P. Bernetich, Mrs. Helen Belardi and Miss Liillian Paganini, all of San Mateo, and a brother in Salinas.

Drink Permit Denied Alleged Social Club

Supervisor John W. Poole blocked issuance Tuesday of a soft drink license to Harry Lum for the Blue Bird Cafe in East Palo Alto, alleged Filipino social club headquarters where white girls are employed as taxi-dancers.

"If the rumors I hear are true," said Poole, "I'd rather see this gentleman not get his permit. And the rumors seem to be well founded."

The Lum application was continued two weeks for investigation.

Lum, who had been summoned to appear before the board in connection with his application, failed to answer when his name was called. The Blue Bird was raided Sunday night by Sheriff James J. McGrath, who confiscated three slot machines. A warrant was to be issued charging Harry Chew as proprietor, with possession of illegal gambling devices.

Thirteen other soft drink permits were approved, and three new applicants were instructed to appear before the board at its next meeting.

R. C. Harbor's Docks Jammed With Lumber

No new lumber shipments have been scheduled at Port Redwood this week, Manager Walter F. Murphy said here, but the port space is now so jammed with lumber that the dock would have difficulty in handling shipments for the next few days, he said.

The Barbara C, frequent visitor here, unloaded a cargo of 382,000 board feet of fir last Thursday, and is scheduled to return Feb. 15 with another load, Murphy said.

Meanwhile, construction on the new warehouse has been proceeding somewhat slowly because of the rains, but it is expected that a start will be made tomorrow on putting up the roof sheeting and galvanized iron walls. That work was slated to start today, but it was prevented by the heavy downpour.

Woman Succumbs Visiting Kin Here

A weeks' visit to her daughter, Mrs. Wesley J. Curry of 41 Ebener St., Redwood City, ended in death here for Mrs. Mary Rose, 62, of San Pablo. She passed away Wednesday. She had been in ill health for eight years.

The remains were returned to Richmond where funeral services will be held at the Ryan Funeral Home.

Mrs. Rose, a native of the Azores Islands, was the wife of Antone Rose.

More than 16,000,000 acres have been approved for government purchase for national park purposes since 1911.

Marshall Wins Post in S. S. F.

U. S. Marshall of San Mateo, former county engineer, today took over the duties of cugineer for the City of South San Francisco, succeeding George A. Kneese, who held the office for 28 years. Kneese was no longer active as an engineer, delegating his duties to Robert A. Klassen of San Carlos.

Marshall was defeated for election to the county office last Fall by M. A. Grant, retiring from office Jan. 2. He was appointed to his new post at a salary of $250 a month after the city council split 3 to 2 Monday night over the issue of removing Klassen.

The majority bloc of Mayor A. J. Eschelbach, Roderick Tibbetts, and Victor Boido contended that the move was in the interests of economy. Dissenting votes were cast by Michael Minucciani and by David W. Ratto, who branded the move as "politics."

The office was declared vacant and Marshall was appointed after Mayor Eschelbach announced the former county official had made application.

TAKES POSITION AT BANK

MENLO PARK, Feb. 6—William Hurst has been added to the staff of the Menlo Park branch of the Bank of America as a teller. With Mrs. Hurst he has arrived from Tipton to make his home in the Menlo Park community. Both Mr. and Mrs. Hurst are University of California graduates.

Recreation Group Hits Destruction of Trees

The San Mateo County Recreation Commission moved this week to stop promiscuous destruction of trees in public streets in the county's unincorporated areas. First action was to instruct Secretary Ronald Campbell to prepare notices to be posted in Millbrae Highlands to warn residents to refrain from cutting trees until they had secured permission.

Second step, Campbell said, was the recommendation that the county adopt an ordinance forbidding destruction of trees without permission. Campbell said the county already had jurisdiction over the streets, but that the proposed ordinance would make control more adequate.

There are more than 1000 peaks in Colorado that are above 10,000 feet in altitude.

CLIPPER PILOT IN HOSPITAL

Capt. John H. Tilton of Atherton, chief Pacific Division pilot for Pan-American, was reported to be resting easily at Palo Alto Hospital today after an emergency appendectomy.

WPA Expenditure On Peninsula Told

In its four years of operations, the Works Progress Administration has spent a total of $3,366,885 on projects in San Mateo County, a compilation contained in a book titled "Accomplishments" of the WPA and received here discloses.

To the federal funds were added $768,502 in sponsor's money (city, county, school and other districts) so that the total value of construction amounts to $4,135,387, the report shows.

To do this work, 4,310,590 man hours of work have been required, according to the report.

In the entire state, $139,223,056 worth of projects have been built by WPA, with the federal agency contributing $113,735,004 and the sponsors $25,488,052.

This, of course is in addition to PWA (Public Works Administration) projects.

American movies are made intelligible to Japanese audiences by writing the dialogue in Japanese characters on the side of the film.

Auto Plate Business Sets Local Record

The Redwood City office of the State Highway Patrol issued a record number of automobile license plates in the renewal period ended Saturday, it was announced today. A total of 11,981 sets of pleasure car plates was issued compared to 11,334 a year ago. The office collected $98,204.57 in fees compared to $94,960.07 a year ago.

Peterson Back On Fair Board

County Manager Frederick Peterson was again on the California Commission to the Exposition today after Governor Olson reappointed him over the weekend in a move to complete the board which succeeds one which had been appointed by ex-Governor Merriam. Peterson had been on the original board, then was not reappointed a fortnight ago when the governor changed it.

The new list includes A. P. Giannini of San Mateo, who also was on the old commission; Mrs. Jean Macauley of San Mateo and L. E. Bontz, Herbert Erskine, Alexander Watchman, Frank C. MacDonald, J. C. Berendsen, Dr. Edward W. Johnson, Mrs. May Knox, R. V. Garrod, William M. Malone, Harold J. McCurry, Phil Davies, Joseph Schneck, George Killion, Kernan Robson, Norman Church, Irene Erdman, Carl Youngberg, Paul C. Smith, Frank W. Clark, Edward H. Heller, Eugene N. Fritz and Phil Gibson.

NEW HOME IS CREOSOTED

A home being constructed at Oak and Olive Sts., Menlo Park, by Lindholm Co. of Mountain View, "American Plan" contractors, was creosoted by vandals some time Friday or Saturday, according to a report by Sheriff James J. McGrath today. Creosote "bombs" made of fruit jars were hurled into the three rooms. Damage was estimated at $200.

Merchandising Course Offered

How better to meet the public; how to sell them more goods more easily; how to make customers satisfied—

No, this isn't an advertisement for Dale Carnegie's "How to Win Friends and Influence People," but a notice that San Mateo Junior College will arrange courses of vocational education for workers in the field of distributive occupations if there is a demand for them in Redwood City.

James Tormey, director of adult education of the college, will arrange a class on any subject within the scope of the field of distributive occupations if there are about 25 or more enrollments for such a course.

Persons wishing information should contact R. Earl Thompson at the junior college, or Roscoe D. Wyatt, secretary of the Redwood City Chamber of Commerce. Thompson is co-ordinator in this area for the program, which is made possible by co-operation of the college, the State Department of Education, the Federal Government and Sequoia High School.

Any employe or employers engaged in the selling of merchandise or services to consumers is entitled to benefits of the program.

Courses given include salesmanship, business English, preexecutive training, credit and collections, merchandising problems, problems in customer contact, buying, management, tax problems, public speaking, window display, package wrapping, advertising.

Already a group of men engaged in the meat business meet Mondays at 7:30 p.m. at Sequoia.

Classes will be arranged at periods during the day or evening to suit convenience of those attending. Meeting places likewise will be arranged as desired. The classes may be held in rooms provided by the co-operating business firms, in the junior college, at Sequoia or elsewhere.

Benefits seen from the courses, which were offered last Fall in San Mateo, include the increasing of efficiency of employes; the increasing of volume of business and, hence, profits; the rendering of more satisfactory service to consumers.

There is no cost for the courses —only a 50-cent registration fee.

Reward Offered For Weatherwax Killers

A reward of unspecified amount was posted with New York authorities Monday by the family of Clifford M. Weatherwax, Hillsborough financier, for the names and addresses of persons who were with him when he was fatally beaten and robbed in New York, according to Associated Press.

Weatherwax, 59, left his hotel in New York the night of Jan. 3 and apparently was assaulted on the street. He died Jan. 13 at Mount Sinai Hospital.

Aid in Syphilis Fight Sought Here

Concluding a talk on the symptoms, effects and ravages of syphilis, Dr. H. C. Pulley of the United States Public Health Service, stationed in San Mateo and Santa Clara Counties, Tuesday appealed to members of the Exchange Club to aid in the fight against this so-called "social disease" which he said is at least three times as prevalent as tuberculosis.

The ways in which the public can help in the fight against the disease are to submit to blood tests to determine whether or not the disease is prevalent; sponsor programs to promote the fight against syphilis; spead the word that the disease if caught in time can be arrested or cured, treatment being administered over a 2-year period without a patient losing time from his work.

Dr. Pulley pointed out that an adequate control program for the United States would cost about 25 cents per capita, whereas it is now estimated that a cost of $1 a year per capita is expended to care for those affected and to carry on the present work of prevention.

Patrolman's Father Dies of Pneumonia

SOUTH SAN FRANCISCO, Feb. 6—Thomas F. Hanlon, 67, father of State Highway Patrolman John J. Hanlon of San Mateo County, died yesterday in South San Francisco Hospital of pneumonia.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Recommending Yee & Ko

CHINESE HERBS
FOR KIDNEY TROUBLE

June 10, 1938.

To Whom It May Concern:
I have been troubled with weak kidneys for some time. I was also very nervous and had a tired feeling all the time. My legs were weak, and I had inflammation on my feet. I also had palpitation of the heart and gas.
At the suggestion of a friend I commenced the use of Yee & Ko Herbs. The result was remarkable. In just five weeks my trouble had all vanished. I am happy to say that Yee & Ko Herbs have brought me back in health again.
I am sincerely recommending Yee & Ko Herbs to anyone suffering as I did.

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.
(This offer applies to plate work)
These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

DU PONT REG. U.S. PAT. OFF.
DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS
There's no need of buying a new plate when your old plate can be made to fit right and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .
Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

Surrender Made Under Barrage Of Sharp Words

Complete surrender to a revolting group of Redwood City Women was announced here by the costume committee of the city's Golden Gate International Exposition committee.

Barraged by a volley of demands that the official costume for women include not only cowgirl outfits but also pioneer clothing, such as gingham and calico aprons, "Mother Hubbard" dresses, and other wearables which the men couldn't remember the name of, the committee hoisted the white flag of peace and conceded unconditional victory to members of the gentler (?) sex.

"We women don't all want to wear dungarees, shirts, 10-gallon hats, neckerchiefs," pouted one of the leaders of the revolt. "We want to wear gingham dresses, even (blushingly) pantalets."

"Why, just think," explained another who took her woes to Mayor Louis C. Christensen, "A woman could make one of those gingham costumes in a day, at not much cost. Then when she is finished wearing them for the celebration, she could use the material to make her a house dress or two, or even some dresses for the kiddies."

Anothed stood right up and defied the committee:

"Me, with my shape, wearing PANTS? No, sireee. I'm not going to wear jeans to the dance, or to the civic celebration, or to the fair."

"We could make our own costumes if we could wear those good, old-fashioned dresses," pointed out another in the delegation who besieged the committee and Mayor Christensen in person and by telephone. "Besides, they really look sweet. Just picture your daughter in one of the old-fashioned dresses, with maybe pantalets just peeking out below the skirt. And a sun-bonnet. And sensible shoes. Now that is SOMETHING!"

So, not having the courage of a Juan Negrin or the defiance of a Hitler (despite some of the mustaches they are sprouting to compete in the current whiskerino), the costume committee, composed of R. E. O'Connell Jr., Sam H. Winklebleck and Edmund Scott, capitulated, completely.

(And whispered to the reporter who wrote this story, "And they can get somebody else for this job next time.")

Coastside Patrol Planned by Sheriff

Sheriff James J. McGrath has announced plans to establish a Coastside patrol, eventually establishing a branch office at Half Moon Bay. First step was transfer of Dep. Leland Quinlan, veteran bailiff in Judge Maxwell McNutt's court at Redwood City, to Pescadero. Dep. Walter Moore of Pescadero was transferred to the bailiff post.

"The Coastside area has grown considerably in the past few years," McGrath said. "I am assigning Deputy Quinlan to work with Dep. Fred Simmons of Half Moon Bay to form a two-man patrol for the area."

One of the graduates of the Zhukovsky Military Aviation Academy in Moscow is First-Lieut. Marina Raskova, one of the three girls who flew non-stop to the Far East and won the title of Hero of the Soviet Union.

Twenty-three men and one woman broke the ice on the Serpentine in Hyde Park with brooms and sticks on Christmas morning and dived in. They didn't stay in long.

Study Group To Map Plans

A. C. Argo, principal of Sequoia High School and chairman of the Core Curriculum Committee of State Secondary School Principals, will go to Santa Barbara this weekend where the committee is to meet to discuss further the program of visiting 70 high schools in the state during the Spring semester.

Argo will be accompanied by George Geyer of Westwood, W. T. Van Voris of Burlingame and Forrest Murdock of San Jose, all members of the committee.

One hundred nineteen of the 121 registered new freshman students began classes at Sequoia High School yesterday. The newcomers sent the total enrollment soaring to 1795, the highest ever, Miss Ellen Adams, attendance secretary, reported.

Willis Rosser, senior student at Sequoia, will represent the school in the San Mateo County finals of the Native Sons' oratorical contest Friday evening in the high school auditorium. Rosser, who will speak on "William Lewis Manley, Hero of Death Valley," will compete against other county high school entrants for the right to enter the state contest, which will be held later.

Carl Olson, Sequoia junior, last week received his amateur radio operator's license. His first contact was made with Pierino Robbiano, only other amateur operator in school.

Miss Ann Burns, Sequoia librarian, has turned over $36.77 to Miss Pansy Abbott, San Mateo County superintendent of schools, representing Sequoia's contribution to the "March of Dimes" fund.

Stanley Kelly Suit Proceedings Halted

Judge Maxwell McNutt has halted proceedings in the suit of Stanley Kelly, former county purchasing agent, against members of the board of supervisors and former Executive E. A. Rolison for recovery of salary and damages, until a prior action on the same grounds now on appeal is settled.

Kelly, who lost his office when it was consolidated with that of executive by the supervisors, first sought a writ to force the controller to continue to pay his salary. It was denied by Judge Warren V. Tryon. The Tryon decision was appealed. Meanwhile Kelly filed his second action.

Atty. W. H. Morrissey, representing the defendants, asked that the trial be halted until the first case was decided.

Buckwheat production in the United States dropped from an annual 1927-36 average of 8,569,000 bushels to 6,682,000 bushels in 1938.

Retired Army Man Dies at Atherton

ATHERTON, Feb. 9. — Col. George Edgar Nelson, retired army officer, died yesterday at his home in Atherton. He was 60 years old. Colonel Nelson served in the U. S. Army, retiring after 33 years of service in 1935. He was a native of Derby Line, Vermont, and had resided in Atherton for six years.

Survivors are his widow, Mrs. Mercedes H. Nelson; a daughter, Laura Mercedes Nelson, and a son, George Edgar Nelson III. Funeral services and interment, to be conducted by Roller and Hapgood, will be private.

A survey indicated that only 1000 of 4200 North Carolina high school graduates planning in 1938 to attend college had as much as $500 a year each to spend for expenses.

The recently-coined word Chemurgic means literally "putting chemistry to work" and it is generally used with reference to the benefit that results to agriculture and industry.

Douglass Tells Of Invention

If a gift offered aviation by Leon F. Douglass, wealthy Menlo Park inventor, is accepted and used, mysteries of the ocean would be put to an end, in his opinion.

Douglass has designed a shining brass ball to be carried atop planes flying over the ocean which, in the event of a crash at sea, would automatically mark the spot where the ship sank as a guide to searchers.

Douglass' "automatic tell-tale marker" is a hollow brass ball about 12 inches in diameter, chrome nickeled with many facets on its surface to reflect light in all directions. Douglass estimated the scintillating light of the ball could be seen by searching planes 10 miles away.

It would fit into an open pocket atop the plane, so designed that if the plane sank, seawater would automatically float the ball free, but covered so that rainwater could not get in.

The ball, costing about $25 installed, Douglass said could lead to the saving of lives, greatly reduce the tremendous cost of hunts for missing planes, and answer the inevitable question left when no trace is found of a missing ship.

Dr. O'Neill's Father Is Taken by Death

Dr. A. E. O'Neill of 1240 Whipple Ave., Redwood City dentist, was called to Eureka Monday night by the death of his father, John O'Neill, 91-year-old pioneer of that city.

Mr. O'Neill, who also leaves a sister, Catherine O'Neill of New Brunswick, had been ill for a year.

Dr. O'Neill expects to be in Eureka about a week.

Radio Fan's Dream of Easy Tuning Comes True

Miss Jane Helmer believes in the conservation of her energy. Through automatic tuning, she brings in any one of her 6 favorite stations by simply pushing a button on her new Montgomery Ward 7-tube console radio. The price of this set marks a new low for automatic tuning in a console model.

DR. O'NEILL NAMED MEMBER OF COUNTY HEALTH BOARD

Dr. A. E. O'Neill, Redwood City dentist and member of the Citizens Advisory Council to the Department of Health and Welfare, Tuesday was appointed a member of the San Mateo County Board of Health and Welfare by Executive Frederick Peterson. The appointment was confirmed by the board of supervisors.

Dr. O'Neill replaces Louis H. Goecken of San Mateo, who has served four years on the board. His term had expired. Geocken was also secretary of the San Mateo County Hog Raisers Assn.

Other business transacted by the supervisors:

Transferred $3000 from the maintenance fund of East Palo Alto Water District to the bond redemption fund after hearing Asst. Dist. Atty. Daniel E. Sullivan praise the efficiency of the district's management.

Referred to Supervisor John W. Poole the request of the Redwood City Recreation Dept. for formal notification of its right to conduct dedication exercises for the courthouse annex May 14. The board instructed Poole to advise the commission that the actual dedication would be performed by the Native Sons.

Received notification that Federal Government had paid $58,750 of its grant toward costs of the courthouse annex.

Referred to the executive, engineer and district attorney a petition of 19 names requesting proceedings to determine whether it would be to the best interests of land owners west of the boundaries of Redwood City and San Carlos in the Cordilleras Creek drainage area to construct sanitary sewers and outfalls.

Transferred from unbudgeted reserve $450 to pay the county's share of employe's group insurance from Feb. 1 to June 30; $870 for special audit of the controller's office to give Controller Thomas J. Kane true balances with which to work; $231 to the tak collector to pay for issuance of corrected bills to the San Bruno Elementary School District.

Transferred $17,264 received from the state to the San Mateo County Fair Assn.

Referred to the executive the request of Joseph Galik, Bayshore Post, American Legion, that the county erect a war memorial building at Brisbane Lagoon Park.

Refused by vote of 4 to 1, Poole voting no, the request of Highlands District Improvement Club for $50 monthly to help pay Policeman Duncan Fitzgerald until such time as a police district can be formed. Supervisor Alvin S. Hatch declared the district could not repay the county, no taxes could be collected until 1940-41, the county had already advanced $150, and could not afford to set a precedent.

Trio Delegated As Committee

The problem of extending county health service to cities in San Mateo County was in the hands of Executive Frederick Peterson, Dist. Atty. Gilbert D. Ferrell and Health Director Charles C. Gans today, delegated to them by the board of supervisors Tuesday afternoon.

After receiving recommendations from Peterson that the service be extended on a "cost" basis, and inspecting a sample contract from Orange County leaving open the amount to be paid by the cities for county service, the board asked the three officers to determine: (1) exactly what service is to be extended, (2) what the cost would be, and (3) what are the legal formalities.

According to Asst. Dist. Atty. Daniel E. Sullivan, all that is required is for the city councils to pass a resolution requesting the county to enforce state health laws and regulations within their corporate limits. This the county is bound to do, Sullivan explained. San Mateo has already passed such a resolution, but it was never served on the board, he said.

The plan to establish contracts between the county and the cities has been sidetracked for the time being, Sullivan explained. After the service is extended on a state law basis, it may be extended to include enforcement of local ordinances by contract procedure.

"The board decided to make haste slowly on this matter," Sullivan said.

Peterson, however, recommended that the service be extended to the cities only if they pay for it.

"I have investigated the request of the health department for an additional inspector to render health service in the unincorporated areas, and it is my belief that such service should be given if the cities make the request in the manner provided by law," Peterson wrote in a letter to the board.

"However, I believe the county should be compensated for this service on a basis of actual cost. If this is not done, it will impose a burden upon cities that are paying for their own health service, and an additional burden upon the county taxpayers."

Dr. Gans said today any such additional cost to the cities would represent double taxation and would wreck the whole plan of consolidated health service on which he has been working for two years. He pointed out that cities now pay two-thirds of the cost of maintaining a county health service in which they have not participated. It would cost no more than $5000 to extend the service to all cities, he said.

Each year more than 20,000 trout are "planted" in the mountain streams and lakes of Colorado.

Over $4000 Given To Paralysis Fund

Although the "March of Dimes" campaign for the fund to combat infantile paralysis was officially closed Jan. 31, a few organizations have yet to make their returns to the San Mateo County Committee's headquarters in Redwood City.

General Chairman T. J. Hallinan stated that the campaign has brought in over $4000.

No report has yet been received from the one chain store concern that handled cans, nor from the San Mateo County theaters, in which collections were taken up under management of the theatrical magnates of Southern California.

More subscriptions have been received by the San Mateo County committee from Mrs. H. J. Boyle, Miss Anna V. Carrigan, Mrs. California Cluff, A. L. De Luca, Mrs. Marian Moore, P. Ucelli.

30 Vaccinated After Smallpox Exposure

Nearly 30 persons, exposed to the smallpox case developed in Redwood City this week, have been vaccinated, according to Dr. Charles C. Gans, county health director. The doctor submitted to vaccination himself, and appeared at the office with a stiff left arm this morning.

The county health chief took charge of the case when City Health Officer I. C. Drathman was unable to do so on account of ill health. Dr. Gans disclosed that the infected woman was a "B" girl in a Redwood City tavern who had danced with scores of persons during the infectious period of the disease.

While it has been impossible to check the source, Dr. Gans said, the fact that no new cases have developed was considered encouraging.

2621 BROADWAY—REDWOOD CITY

It makes me feel like shouting

HURRAH for CALIFORNIA!

Yes, ma'am, we've got plenty to celebrate about out here in this land from the Sierra to the Golden Gate.

No king or queen has ever spent a winter more comfortably than we have. A dozen servants stoking up a fire couldn't have kept any home at just the right temperature as well as our Natural Gas heating did last winter. Think of us, and the thousands of Californians just like us, who were pressing a button or tuning in on a thermostat and sitting and absorbing the comforting warmth from some Natural Gas heating machine.

Let's tell the world about it. I feel like shouting—Hurrah, hurrah, hurrah, for California—where Life is easier, better and cheaper.

Peninsula Day At Fair Urged By Supervisors

At the suggestion of Redwood City Aerie 418, Fraternal Order of Eagles, the board of supervisors suggested that County Executive Peterson appoint a county-wide committee to arrange a San Mateo Day at the World's Fair.

The Eagles urged that such a committee be formed, and named Atty. Edmund Scott, Judge Edward I. McAuliffe, and City Councilman Evans A. Fletcher as their representatives.

Prospects of a battle over plans to annex certain south county subdivisions to the Menlo Park Lighting District increased Tuesday when delegations favoring and opposing the proposal appeared before the board. Formal protest was set for Mar. 14. County Clerk W. H. Augustus advised the board the petitioners had met all requirements for a hearing.

The protest date was first set for Mar. 7, but was postponed a week to allow the board members to attend the supervisors' association convention in Sacramento Mar. 7-8-9 and in San Francisco Mar. 10.

Request of Chester M. Lipman on behalf of the fiesta commission for a resolution opposing a proposed cut in pari-mutuel allocations to county and district fairs was delayed until the nature of the proposed legislation could be ascertained.

Appointment of a successor to Dr. Arthur H. Nobbs, who resigned as chairman of the county traffic commission, was postponed until the next meeting.

Request of the planning commission for a business licensing ordinance to regulate roadside enterprises was referred to Supervisors Alvin S. Hatch and John W. Poole.

Labor's Non-Partisan League of San Mateo County renewed its opposition to the proposed purchase by the county of Butano forest and Peninsula Beach as a public playgrounds. In letters addressed to the board and to Dr. Ray Lyman Wilbur, president of Stanford University, the group intimated that the university was endeavoring to "force" the Butano purchase on the people of the county.

"We feel that Stanford University can ill afford to force upon the taxpayers of this county such a matter as proposed without a vote of the people of this county," said the letter to Dr. Wilbur.

The letter to the board warned that if it followed any other course than that outlined by the league, it would be acting contrary to public interest.

The two letters, plus four more petitions containing names of 137 more persons protesting both the Butano and Peninsula Beach purchases were filed by Adele J. De Witt, the league's secretary. They were not considered at today's meeting, however.

WIN SPEECH CONTEST

Fred A. Schmitz, club president, and Perry A. Bygdnes survived tests at the local Toastmasters' Club Monday in the move to select a speaker to represent the organization in an oratorical contest. Speakers next week, two of whom will be named for a runoff with the two selected last night, are T. W. Badley, Donald L. Bogie, Cuthbert Currie, Louis B. Demattels, William E. Morrissey and W. Earl Whitaker. Max L. Gelber will be chairman.

MENLO PARK NEWS NOTES

WARD MONROE PASSES

MENLO PARK, Feb. 10—Ward E. Monroe, who was buried from the Church of the Nativity last Monday, was well known in Menlo Park business and social circles. He maintained a real estate office for some years and did a thriving business. Prior to that he followed sign painting and was an artist in his line. Mr. Monroe was a genial man, having all the suavity and pleasant mannerisms of the South and could mimic the Negro to perfection. All liked him for his ready wit, good nature, and radiant happiness. Though in pain for years, he maintained his outward calm and smile. His long suffering is ended; he has gone where he will find rest and surcease in that land beyond the stars.

The men of Menlo Park are following in the wake of other males of the Peninsua in raising hirsute adornments to assail the Golden Gate Fair when it opens shortly. Edward Derry started the popular fashion so that the contagion is spreading and by next week the city will be full of whiskerinos.

Joseph Ricca, the gardener and janitor for the Menlo Park, Palo Alto, and Redwood City railroad stations and other Peninsula depots along the Southern Pacific Line, will retire on a pension in a few months after 25 years of employment. Joe has been frugal, owning income-paying property at San Jose, where he lives. He will enjoy the remaining days of his life under his own vine and fig tree in sunny San Jose.

The Southern Pacific Railroad Co. in a short time will begin improving its property in Menlo Park. The Joe Begley office on Oak Grove Ave. is to be painted and dolled up. The station building is to be painted and a heating system installed to take the place of stores put in over 60 years ago. These improvements are started in contemplation of the great number of people who will pass in trains during the fair. The local Chamber of Commerce urged the cleaning up.

The rainfall for the season is 8.47 inches. At this time last year the rainfall was 14.25 inches. The precipitation for the last 24 hours has been .50 inch.

Henry Hansen, son of the late Nicholas and Catherine Mullen Hansen, pioneers of Woodside, died last Thursday in Susanville. He had lived there for 45 years. He leaves a wife and 3 brothers, Edward of San Francisco, Harold of Oakland and Charles and one sister, Helena of Palo Alto. He died of pneumonia on the day his mother was buried.

George C. Condos, proprietor of the Menlo Barbecue, again heads the Greek-American Voters League of San Mateo Co. This is his third successive term. Other officers include Gust Duvanis, vice president; George Pappas, treasurer; James Balopoulo, secretary. There are more than 400 members in this group which is active in all civic and patriotic affairs of the county.

All branches of Menlo Park American Legion Post 443, including the Auxiliary, Juniors, and Sons of the Legion, attended the "Sons of the Legion" at the Sequoia Theater in Redwood City Monday night. Billy Cook, a Menlo Park boy, is a member of the local Sons of the Legion squadron. He is the star in this picture. His brother, John, who is captain of Menlo Park squadron, Sons of the Legion, gave an interesting talk relative to his brother's life in Hollywood and explained that Billy, who graduated from Los Lomitas School, is enrolled at Sequoia and is taking the regular course of study under the direction of the Sequoia faculty.

$100 Fine Is Paid For Slot Machines

Harry Chew, cited to appear before Judge Edward I. McAuliffe on charges of possessing the three slot machines seized by Sheriff James J. McGrath at the Blue Bird Cafe, East Palo Alto, Sunday night, has paid a fine of $100. He did not appear in court, the payment being made by his attorney, Albert Mansfield.

Meanwhile the investigation into the Filipino "social club" in operation at the cafe continued. Although the board of supervisors yesterday refused to grant a soft drink license for the establishment, it has an "on sale" state beer license, it was learned.

Chamber Visitation Set for February 20

Announcement of plans to conduct a membership visitation drive to contact every member of the chamber of commerce was made here by Pres. Joseph R. Territo at a meeting of the chamber's board of directors.

W. D. Ryan was appointed chairman of the drive, which is to be conducted on Feb. 20. Purpose is to permit members to participate more directly in the formation of the chamber's policies, Secty-Manager Roscoe Wyatt said.

Other business included the appointment of a committee of Frank A. De Patta, chairman; Perry A. Bygdnes and Duncan Reynard to continue efforts to alter the gasoline price zone limits in the county. At present gasoline in Redwood City costs half a cent more than in Belmont and north of that community. The chamber has been endeavoring to have the gasoline firms extend the zone limits to conform with the South county line, or even farther.

A. H. Davies, member of the board, was appointed a member of the 1939 Clean-Up Campaign Committee.

Two hundred mules and horses brought more than $16,000 at the first big mule and horse auction in Kansas this year. Farmers called it a "pretty good price."

Scouters' Opinions Asked on RCYA Fund

Before deciding whether or not to turn over to the county scout council the $1750 funds they hold which were collected by the Redwood City Community Chest, members of the Redwood City Youth Activities voted Wednesday at a meeting in Sequoia Hotel to meet next Tuesday at 7:30 p. m. in Judge Edward I. McAuliffe's courtroom with scoutmasters and a representative from each troop in Redwood City to learn their opinions about the matter. C. M. Doxsee, RCYA president, called the meeting and presided over it. The southern district committee voted last Friday night to request RCYA to give the funds to the scout council.

The crop production per farm worker has increased threefold in the last 100 years, experts estimate.

OLSON TO ATTEND DANCE

SAN MATEO, Feb. 8—Governor Olson, Lieutenant Governor Patterson and other state officials have accepted an invitation to attend a reception and ball at Bay Meadows Mar. 11, according to James Kehoe, president of the Young Democrats of San Mateo County, who will sponsor the affair.
